

Mín. 700 - Máx. 1090

650

Ø400

A technical drawing of a cylinder. The drawing shows the cylinder from a perspective view. The top and bottom edges are represented by ellipses. The vertical lines represent the height. There are three dimension lines with arrows pointing to the cylinder. The first dimension line is on the left, indicating the height range from 700 to 1090. The second dimension line is in the middle, indicating a height of 650. The third dimension line is at the top, indicating a diameter of 400.
